New Listings

In 2015, Airbnb reached the **highest** number of new listings. 2016 and 2017 saw a restraint also due to the tightening of local regulations. Despite this Airbnb became **profitable** in the second half of 2016, and 2017 marked the first full year of generating income. From 2018 there was a new growth stopped in 2019 by the **COVID-19** pandemic.

Global Airbnb Performance Dashboard

Market Share by City

Paris, NYC and *Sydney* account for almost half of the total listings and 59% of total reviews.
Paris is the city with the *most listings and reviews*. A possible driver is the *prices* for hotel rooms *being twice* as much as Airbnb!

Average Ratings

Global Airbnb Performance Dashboard

Review Frequency

Reviews provide information about the **customer order frequency**. Most of the customers wrote a review **only once**. **98.8%** of customers did so **three times or less**. One customer wrote **283 reviews**: last two on 13-Oct-20, of two listings in Bangkok. (Data error or globe-trotter?)

Trust

Seasonality

Paris and Rome dominate review share from **April to August**, reflecting peak European summer travel. **New York** saw an increase in November and December during the holiday season.

Over two-thirds of Airbnb hosts are fully verified, while nearly all hosts provide at least one trust signal, keeping unverified and anonymous profiles to a minimum.
